

Fulton Market Crime Concerns & Safety Solutions: January 2020

Collaborate with the Chicago Police Department, government agencies and FMA for maximum public safety.

Contact FMA Executive Director Roger Romanelli anytime for assistance: 773-531-6370 or roger@fultonmarketchicago.org.

Report every crime, large or small. FMA can conduct free safety workshops. FMA partners can conduct free building security audits.

City of Chicago Numbers and Online Reporting

- Emergencies & suspicious people/vehicles: 911

- Graffiti removal service & clean up garbage dumping: 312-744-8098
- Fix streetlights/24-hour hotline: 312-746-4400
- Pothole repairs, street/alley problems, signs missing, snow/ice on sidewalks: 311, 311 online, or contact FMA

Overview: Crime Concerns & Safety Solutions

- Criminals are roving 24/7 in vehicles and often working in teams. Criminals hide in dark spaces between or behind buildings.
- If you call 911 and police don't come in 3 minutes or if details change, call 911 again until police respond or if details change.
- Buildings should have exterior cameras and lights all around. ComEd has rebate money for lights, TIF funds can assist with cameras.
- Low-hanging trees should be trimmed. Streetlights should be repaired immediately.
- If a crime pattern is determined, FMA will request 12th District Police intervention and special patrols to apprehend criminals.
- FMA also recommends city investments to prevent crime: substance addiction services, paid job training and placement and more.

#1 Crime Concern & Safety Solutions: Pedestrian Mugging, Armed Robbery or Physical Assault

- Avoid walking alone when it is dark. Avoid carrying large bags/purses/laptops. Drop off valuables at your destination before walking.
- Avoid headphones or watching your phone when walking.
- Walk in well-lit areas and away from dark buildings and dark building gaps.
- Verify your ride-share or taxi service before getting into the vehicle.
- If confronted, don't challenge the criminal but memorize the criminal's characteristics and go limp to the ground if desired.

#2 Crime Concern & Safety Solutions: Vehicle Break-Ins, Theft, Carjacking

- Never leave valuables visible in car: packages, electronics, chargers, bags/empty bags, coins, GPS.
- Avoid parking car in isolated areas without streetlights. Identify and report dark buildings that should have cameras and lights.
- Retailers, restaurants and service businesses should post "Hide Your Vehicle's Valuables!" warning signs in business lobbies.

#3 Crime Concern & Safety Solutions: Illegal Graffiti Vandalism & Property Damage

- Report graffiti crimes to police. Clean off buildings immediately after attack. Ask dumpster companies to replace vandalized dumpsters.
- Buildings should have exterior cameras and lights all around. ComEd has rebate money for lights, TIF funds can assist with cameras.

#4 Crime Concern & Safety Solutions: Building Break-Ins

- Reinforce exterior doors and windows with metal frames, modern locks and security systems.
- Every building should have exterior cameras and lights all around building.

#5 Crime Concern & Safety Solutions: Avoid Crimes Inside Businesses Like Shoplifting & Counterfeit Money

- Beware shoplifting and criminals grabbing cash from cash registers. Report all shoplifting and theft crimes to the police.
- To detect counterfeit money, use an electric detector not a pen. Implement a system for your business if an incident occurs.
- Install in-store interior cameras, audio devices, under-counter panic buttons. Develop emergency protocols for various scenarios.
