After decades of low government investment for Chicago's Westside & Western Suburbs, U.S. officials must allocate \$2 billion for Westside improvements with the \$2 trillion federal infrastructure bill coming. Let's convince the Congressman to support:

\$1.5B to Fix the Dangerous Lake Street Structure from Talman Ave. to Laramie Ave.

\$300M to Fix Eisenhower Expressway Ramps at Austin Blvd. & Harlem Ave.

\$70M for CTA Green Line Western Ave. Station

\$60 Million to Fix METRA Kedzie Ave. Station • \$60 Million for Westside Human Services & Safety

\$5 Million to Restore CTA Lake St. Bus • \$5 Million for CTA Cicero Ave. Express Bus
